Important Notice from OneMain Financial About Credit Insurance Claims

If you apply for credit disability or credit involuntary unemployment insurance benefits, here's a look at what you can expect as your claim moves through the process and what you'll need to do to get the maximum benefits if your claim is approved.

File the Completed Claim Form(s) and Include All Required Documentation.

See Claim Form Instruction page for requirements.

While You're Waiting

When you file a claim, you're still responsible for making your monthly loan payments. **If you've scheduled recurring loan payments, they'll continue unless you stop them.**

When a claim is filed, the insurance company will get in touch with you once a claim decision has been made.

Although the insurance company strives to process claims as quickly as they can, sometimes gathering the information it needs can take some time. If you have filed a claim and it is approved, your benefits will be paid directly to us by the insurance company. Those benefit payments will be applied to your account as of the date they are received, unless otherwise required by law, for as long as you receive benefits.

Do You Need a Refund?

If a claim you submitted is approved, and you've already made loan payments for the period that the insurance company has covered causing your account to be paid ahead, you can ask OneMain Financial to refund the amount paid ahead. If you don't, the claim benefits will be applied as advance payments on your loan, which means your loan could be paid off before the end of your term, or before you've received all your potential credit insurance benefits.

If you find yourself in this situation, you can request a refund of the amount paid ahead on your account. To request a refund or if you have any questions, please get in touch with us by contacting your local OneMain Financial branch or by calling the telephone number listed on your statement.
